CAREER OBJECTIVE :

- To pursue a challenging career in a progressive environment where learning, innovation and creativity are encouraged, where my skills & knowledge can be enhanced to their maximum potential to contribute to the overall success and growth of the organization.

PROFESSIONAL EXPERIENCE:

Deloitte USI, Analyst Trainee Dec'22 - May'23

- During my 6-month tenure as an analyst trainee at Deloitte USI, I gained practical experience by working on a mock project, where I successfully developed a shopping website using Spring MVC, showcasing my proficiency in web development and Java programming.

FINAL YEAR PROJECT:

- In my final year of Engineering, I focused on signal processing, where our project involved developing an innovative code to detect impurities in power signals, such as high or low voltage signals. By employing synchrosqueezing transform-based time-frequency analysis methods, we successfully identified and visualized these impurities, demonstrating our proficiency in advanced signal processing techniques and their practical applications. We used MATLAB simulation for outputs.

TECHNICAL SKILLS :

- C-programming
- Java
- Spring Framework
- Oracle SQL
- React JS
- Salesforce
- Python

CERTIFICATIONS:

- Salesforce certified Admin
- Salesforce certified platform developer 1

EDUCATIONAL DETAILS:

- M.Tech(Data Science) From Gitam University with CGPA of 8.52(2023-2025).
- B.Tech(Electronics and communication Engineering) From Raghu Engineering College with CGPA of 8.14 (2018-2022).
- Intermediate From Narayana junior college with 90.5% (2016-2018).
- 10th from Sri chaithanya Em school with GPA of 8.8(2015-2016).

STRENGTHS:

- Hard working
- Honest

I hereby declare that all the information given above is true and correct to the best of my knowledge.
